WHY PARTNER WITH AIA TRIANGLE?

Discover the value of an AIA Triangle partnership

AIA Triangle wants to help you reach the design community around the Triangle with a variety of opportunities to enhance your exposure. Our annual partnership program offers you an effective way to strengthen your market position and target architecture and design clients through a strategic and repetitive approach offered at all levels of membership in AIA Triangle. We strive to ensure you receive the most value from your annual partnership.

AIA Triangle architects spend millions per year on products and services; are responsible for pre-bid, bid-phase and post-bid projects; and specify, recommend and approve the purchase of products and services for their firms. Put your business in front of Triangle-area architects all year long with one of our annual partnership opportunities!

As a partner, we consider you a member.

Corporate membership is included as a benefit for all annual partners according to each partnership level. Corporate membership provides additional opportunities to establish relationships with architects that go beyond sales and specifications.

BENEFITS OF CORPORATE MEMBERSHIP INCLUDE:

- Opportunities to network with chapter members
- Invitations to chapter events
- Subscription to AIA Triangle e-newsletter and member communication
- Member prices for events
- Participation in chapter task forces and event committees (with the exception of Design Awards)

- Company programs and events included in the weekly e-newsletter (\$100 per posting/per week value)
