SITE PLAN

PROGRAMMATIC NEEDS IN 500 SF FOOTPRINT

Recording Studio
Rehearsal Space
Performance Venue
Guest suite/ADU

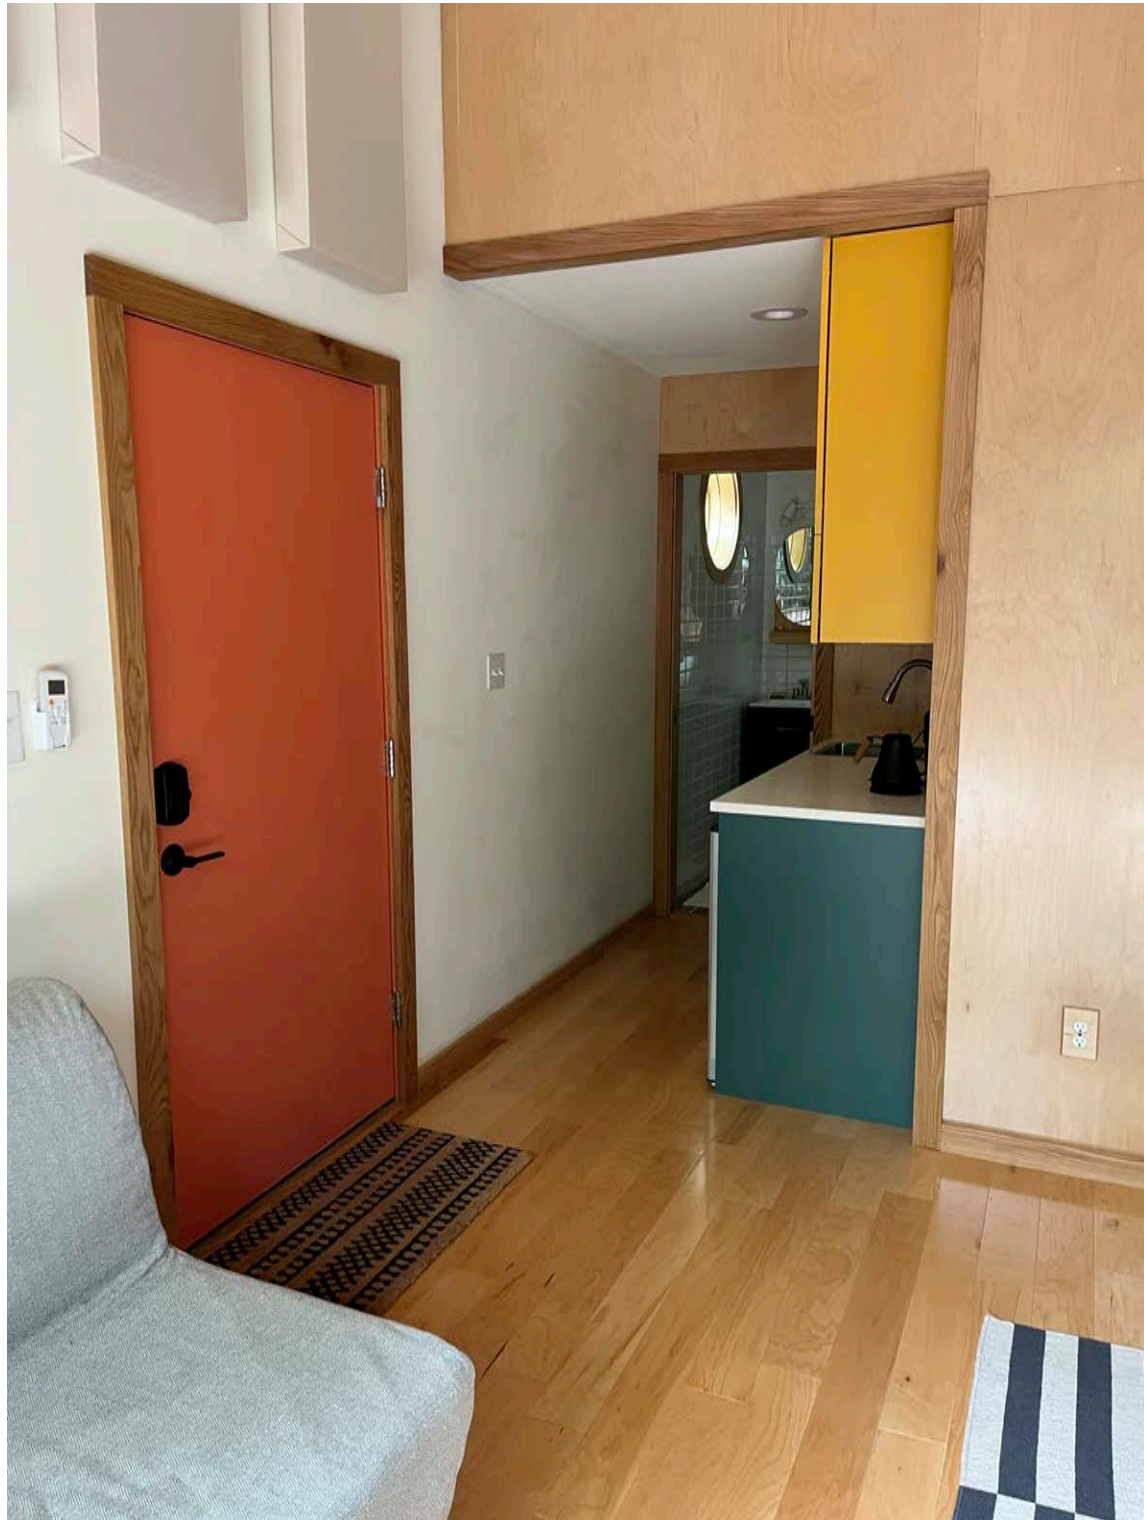

“On the ideal spring or fall night, people come over and gather outside in the yard. A fire is going in our fire pit. The studio is lit up. As the sun sets a shadow puppet show happens as people gather on blankets. After the shadow puppet show finishes, the doors open up and musicians set up on the porch outside of the studio. When it’s dark the musicians play lit by lights in the eaves.”

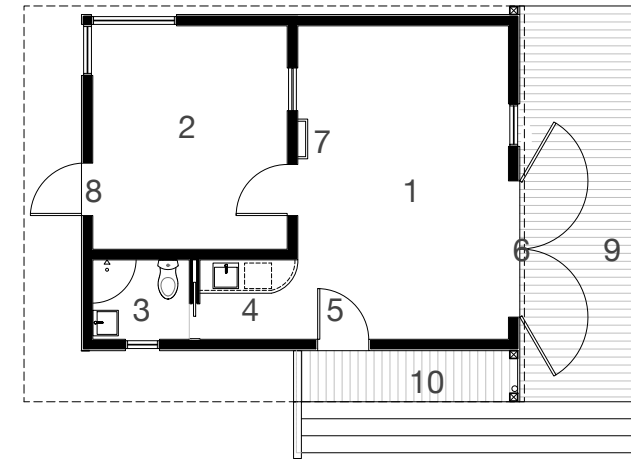

- Client experiential goals
